✓ **Impact of the project:**

Two beneficiaries gave their impressions on the project:

Sh Swapan Naskar of Sherpur and G. Pradip Naskar of Debipur Gram Panchayat highly **appreciated** the organization and expressed that they have received every support from the organization. Sh. Naskar told he evaluators that **he is earning Rs. 18000/-annually through his nursery**. The same is more or less to Pradip Naskar, other beneficiaries from Debipur, G.P. and Tapas Das in same G.P. The other beneficiaries where FCE have visited Sh. Sibprasad Mondal, Chittoranjan Das in Majlispur who have adopted Poly house nursery in large scale. They mainly market their plants in near Muchisaha market. The beneficiaries as tested in the field in two G.P expressed that they have received support for building poly house. The organization also monitors their activities periodically. The physical verification was followed by verification document including audit report, cash book, and vouchers which reflects that organization implemented the project at per plan.

Assuming success rate of the project for 110 beneficiaries, the economic impact will be fully successful in the first year of the project it self. And from second year it will be 100 % profit.
