No.: CAPART/WSD/GVA/2006-07

Date: 2 June, 2008

Circular NO 9/2008

In continuation to the earlier circular of even number dated 10 April, 2008 it is to inform that the matter relating to the implementation of GVA programme was placed before the 46th meeting of the Executive Committee of CAPART held on 13 May, 2008 wherein the committee approved the following course of action for the effective and transparent implementation of Grameen Vikas Andolan programme:

1. Grameen Vikas Andolan (GVA) to be brought under the scheme of Organization of Beneficiaries (OB), as this programme falls squarely under OB guidelines, which deal with awareness generation. File numbers to be generated under OB scheme.
2. Selection of VOs and release of funds to be effected with the approval of respective Regional Committees only. CAPART guidelines to apply for the selection of VOs, release of funds, monitoring and all other related activities.
3. To make monitoring of activity foolproof, apart from regular monitoring by Institutional Monitors, concurrent monitoring through YPs/ROs, etc. has to be invariably done in each case. Additionally, at random, 5% of all cases to be concurrently monitored by teams deputed from CAPART Headquarters.

Contd...

4. To avoid over saturation of activity in one district by having GVA in all the Blocks and Panchayats, GVA may be allotted up to a maximum of 25 Panchayats per District, assuming 10 or less number of Blocks, so that a minimum of 2 – 3 Panchayats per Block are selected. In case, there are more than 10 Blocks in a District, more than one project can be sanctioned for the District keeping in view of the fact that a cluster of maximum 25 Panchayats will be the basis for a project. The budget for each such project will be as per the model budget approved by 42nd Executive Committee. It will be kept in mind that more than one project can be given to any one NGO only if it has the capacity to implement more than one project and it has less than three ongoing projects with CAPART at that point of time (including GVA projects). This point will apply to all future projects under GVA.

5. Projects approved by Regional Cells should be placed before the respective Regional Committees for ex-post facto approval (if not already taken) after apprising the Committee of the full facts of the sanctioned projects especially about the VOs satisfying the eligibility criteria and their conformity with other CAPART norms. Projects sanctioned to NGOs in which Regional Cell members are substantially interested and also those sanctioned projects wherein CAPART's guidelines with respect to eligibility criteria have been violated, should be terminated with the approval of Regional Committees so that no undue loss to CAPART is caused.

This issues with the approval of the Director General.

(Sanjay Awasthi)
